Why Join Our Reserve Corps?

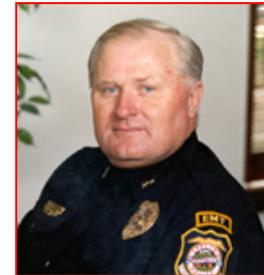

People are attracted to Law Enforcement for many reasons. A desire to help those in need, a sense of community service or just for the excitement. However, the most common reason is a burning desire to “be there” when something happens. Our Reserves do not want to read about what happened yesterday in the O/A News. They want to “be there” when it happens and see it with their own eyes. They would rather make the news than read the news.

As A Member Of O.P.D.'s Reserve Officer Corps, You Will BE THERE !!!

Our Vision:

The vision of the Opelika Police Department is to provide professional police service in partnership with our community to enhance the quality of life to our citizens, by providing a safe environment through the protection of life and property within the framework of the U.S. constitution, serving with integrity and respect
