

MAYOR RECOGNIZES OPELIKA TRACK AND FIELD TEAM

Tonight we'd like to recognize some of our finest track and field athletes. The Opelika Track and Field team claimed their fifth consecutive state championship in the Alabama Recreation and Parks Association State Track and Field Meet back in May of this year. They also brought home numerous individual awards at this meet.

The team also competed in the Alabama State Games in Huntsville in June. The Alabama State Games are a nationwide network of state games overseen by the National Congress of State Games. The goal of this organization is to educate and inspire young athletes about the possibility to pursue participation in the Olympic Games. They brought home numerous awards at this meet. And, Opelika had 23 athletes qualify to attend the National State Games next summer.

We are proud of your success!

COACH – Gary Clark

Girls
