

# OPELIKA, *your next* HOME BASE

*Prepare. Work. Prosper.*

In order for Opelika to prosper, there must be a strong workforce. And, in order for you to prosper, you need a good career. Opelika offers plenty of ways to get you plugged into the workforce with a rewarding career path. Through partnerships with the city, Opelika Economic Development, the Opelika School System, Southern Union State Community College (SUSCC) and current industries, you have all the resources you need to sustain and build a solid future.

The City of Opelika is a strong supporter and proponent for transitioning service members, veterans and military spouses to enhance our workforce. You bring much needed value to our companies, have a commitment to quality and already possess some of the high-demand technical skills needed in today's marketplace.

The Opelika Workforce Council brings workforce resources together to ensure that there is a collaborative effort in place to prepare and match you to the job most suited for you. ***Let Opelika be your new career home base.***

*“Transitioning from a military to civilian career provides many unique challenges: specifically, the loss of belonging to a tight-knit community. I’ve been impressed to see Opelika providing that tight-knit community where Veterans are making a difference. The leadership and people of Opelika genuinely embrace our Veterans.” –Bill Schwenk, Owner of Billy & Robbie’s Excellent BBQ Adventure*
